OREGON BULLETIN OR440-2007-2

SUBJECT: PGM – LATE-RATE DATA REPORT FOR OREGON

Purpose. To notify field offices and provide a copy of the Late Rate Data Report for Oregon.

Expiration Date. September 30, 2008.

In 2006, Oregon identified Environmental Quality Incentives Program (EQIP) practices that were behind schedule for implementation and scheduled steps to bring these contracts current or terminated/cancelled.

Attached to this bulletin is an updated Late-Rate Data report with practices behind schedule as of January 7, 2007, as well as practices scheduled for implementation in 2007. Effective with this bulletin, this report will be sent to the Basin Team Leaders monthly right around the first of the month with the current data at that time. The purpose of this report is to allow field offices to keep tabs on contracts that are falling behind schedule and take the necessary steps to keep them current.

The report will also be posted to the Oregon FTP site under the Programs-EQIP folder for easy access at any time (NOT YET AVAILABLE).

The data for populating this report is gathered from ProTracts Report 4.3, Conservation Practices Planned But Not Certified.

If you have any questions, please contact Louise Davis, 503-414-3230 or Pedro Ramos, 503-414-3203.
